**10th International
Conference on High
Temperature Ceramic
Matrix Composites -
HT-CMC 10**

September 22-26, 2019

BORDEAUX CONGRESS CENTER, FRANCE

Organized by:

www.ht-cmc10.org

Global population growth and tremendous economic development has brought us to the crossroads of long-term sustainability and risk of irreversible changes in the ecosystem. Energy efficient and ecofriendly technologies and systems are critically needed for further growth and sustainable development. While ceramic matrix composites were originally developed to overcome problems associated with the brittle nature of monolithic ceramics, today the composites can be tailored for customized purposes and offer energy efficient and ecofriendly applications, including aerospace, ground transportation, and powergeneration systems.

The French LCTS laboratory (Laboratoire des Composites Thermo Structuraux) is organizing and will host the 10th International Conference on High Temperature Ceramic Matrix Composites (HT-CMC 10) in Bordeaux, France from September 22-26, 2019. HT-CMC-10 will continue the tradition of successful previous conferences held in Bordeaux (France, 1993), Santa Barbara (USA, 1995), Osaka (Japan, 1998), Munich (Germany, 2001), Seattle (USA, 2004), New Delhi (India, 2007), Bayreuth (Germany, 2010), Xi'An (China, 2013) and Toronto (Canada, 2016). This conference series has been recognized as the global and central meeting event in high-temperature ceramic composite science and technology.

We invite all of you to take advantage of this opportunity to visit the great city of Bordeaux and actively participate in this conference. We are hopeful that this meeting will provide an excellent forum for interaction and friendship with international participants to discuss the latest trends in applications of ceramic technologies for sustainable development. We look forward to your participation in HT-CMC 10.

CONFERENCE CHAIRS

Prof. **Gerard L. VIGNOLES**
Université de Bordeaux,
LCTS, France

Prof. **Monica FERRARIS**
Politecnico di Torino,
Italy

Prof. **Walter KRENKEL**
Universität Bayreuth,
Germany

LOCAL ORGANIZING COMMITTEE

Dr. **Sylvain JACQUES**
CNRS, LCTS

Dr. **Eric BOUILLON**
Safran Ceramics

Prof. **Francis REBILLAT**
U. Bordeaux, LCTS

Dr. **Laurence MAILLÉ**
U. Bordeaux, LCTS

Dr. **Alexandre ALLEMAND**
CEA, LCTS

INTERNATIONAL BOARD

Laifei Cheng, China
Shaoming Dong, China
Lalit Manocha, India
Tatsuki Ohji, Japan
Yutaka Kagawa, Japan
Hai-Doo Kim, Korea
Eric Bouillon, EU/France
Gerard L. Vignoles, EU/France
Dietmar Koch, EU/Germany
Walter Krenkel, EU/Germany
Monica Ferraris, EU/Italy
Sergei T. Mileiko, Russia
Charles A. Lewinsohn, USA
Gregory N. (Greg) Morscher, USA
Michael C. Halbig, USA
Mrityunjay (Jay) Singh, USA

MAIN TOPICS

- Computational modeling and design of new materials and processes
- Fibers & preforms
- Interfaces and interphases
- Oxide-oxide CMCs; geopolymers in CMCs
- Non-oxide Composites
- Materials for Extreme Environments: Ultrahigh Temperature Ceramics (UHTCs) and Nano-laminated Ternary Carbides and Nitrides (MAX Phases)
- Advanced Thermal and Environmental Barrier Coatings: Processing, Properties, and Applications
- Polymer Derived Ceramics and Composites
- Carbon/carbon composites
- Additive Manufacturing
- Thermomechanical behavior and performance
- Non-Destructive Testing & Evaluation
- Joining & integration
- CMC Applications in Ground Transportation and Industrial Systems
- CMC for Space Systems & hypersonic flight
- CMC for Aeronautic Applications
- Advanced materials for sustainable energy (incl. nuclear)

BORDEAUX CONGRESS CENTER

Address:
Avenue Jean Gabriel Domergue,
33300 Bordeaux
Phone: +33 (0)5 56 11 99 00

BECOME A SPONSOR

Why sponsor and/or expose at HT-CMC10?

■ HT-CMC is the definite international conference devoted to science and technology of Ceramic-Matrix Composites. Nearly 30 years after its first edition, it attracts rapidly growing attention. Indeed, the Ceramic-Matrix Composites are high-tech, cutting edge materials, and they bring the interest of scientists and engineers upon many aspects of their processing, structure, properties, applications.

■ This Conference Series has always had the aim to gather people from academia, from national agencies as well as from industry. They are the unique opportunity to discuss and share information about the latest results, outcomes, challenges, perspectives on this class of materials. The current context is very favorable to a quasi-exponential growth of the CMC market, mainly through the impulse of aeronautic propulsion engine manufacturers.

■ Around 350 delegates are expected to attend: researchers, academic staff, engineers, PhD students,... The conference language will be English.

■ Show up at the Exhibition!

Sponsors will have the opportunity to book a booth! The congress center has a very large space for exhibition, just localised beside the auditoriums and the conference rooms. There are possibilities to book a fully equipped booth from 4 m² to 12 m².

■ HT-CMC 10 is a dedicated opportunity to:

- Promote your services and/or products;
- Distinguish yourself from competitors by being involved in state-of-the-art research, development and innovation;
- Prospect for new clients.

■ Promotional scheme for HT-CMC 10:

- Dedicated website: www.ht-cmc10.org
- Social networks / Newsletters and emailing campaigns / Press Relations
- Coffee breaks and lunches to enhance networking / Posters Sessions
- Social event in a prestigious place in the very center of Bordeaux.

THEY ARE ALREADY SPONSORS:

POINTS OF CONTACT

The HT-CMC10 team will be pleased to give you further explanations about the various partnership opportunities and will help you to define the optimal options to welcome you as a partner of the HT-CMC 10 conference. *"First come, first served!"*

Conference Chair:

Gerard L. VIGNOLES
LCTS - University of Bordeaux
3, All e La Bo tie
33600 PESSAC - France

BECOME A SPONSOR

How to sponsor and expose at HT-CMC10?

4 categories of partnership: Platinum, Gold, Silver and Bronze with additional options:

	Platinum	Gold	Silver	Bronze
BEFORE THE CONFERENCE:				
your logo on the website + link to your website	✓	✓	✓	✓
your logo on the promotion campaign	✓	✓		
DURING THE CONFERENCE:				
BOOTH in the heart of the symposium	12 m ²	8 m ²	6 m ²	4 m ²
<i>Equipped booth with partitioning, carpeting, lighting, booth sign, table and chairs, electrical outlet.</i>				
SIGNALETICS your logo in two very frequented spaces	✓	✓	✓	✓
CONGRESS KIT your logo on the conference bag	✓	✓		
your brochure in the conference bag	✓	✓		
your goodies given during the event	✓			
CONFERENCE your logo displayed during the plenaries	✓	✓		
your logo on the official program	✓	✓	✓	✓
your advertisement in the BOOK OF ABSTRACTS	Full page	1/2 p.	1/4 p.	
CONFERENCE PASS:				
	2 fees	1 fee	1/2 fee	1/2 fee
AFTER THE CONFERENCE:				
your logo on the « thanks to the participants » email	✓	✓	✓	
PRICES:	€6 000	€4 000	€2 000	€1 000

ADDITIONAL OPTIONS*:

■ Exclusive sponsoring:

Your logo printed on the conference lanyards	€800
Sponsoring a coffee break with a 10-min company's presentation	€1200

■ Co-sponsoring an event:

During the social event, co-sponsoring of the cocktail including a 5-min welcome speech (limited to 3 partners for an optimal visibility)	€1 500
During the conference, co-sponsoring of a lunch (limited to 3 partners per lunch for an optimal visibility)	€1 500

* Additional option can be ordered only with one of the partnership levels.

(All prices are given VAT excluded. Please add French VAT 20 %.)
